

## Guide to booking at Chapel Farms Secure Dog Paddock

You can select to pay via PayPal online when booking, or via cash when you attend your booking (select PAY LATER to pay by cash).

There are locks on the paddock gates. The system will automatically send you a lock code via text message and Email on the day of your booking between 1 and 3 hours before your booking time. Therefore, you will be asked to enter a mobile number and Email address when booking.

When choosing a booking time, times not displaying are already taken.

You can bring up to 4 dogs for your booking. There is an additional charge of £1 per dog for each dog you bring over 4 dogs to each booking - you can specify this when booking online. If you use a package and wish to bring more than 4 dogs, you will need to pay for the additional dogs either via cash at your booking or via PayPal separately (our PayPal link:

<https://www.paypal.com/paypalme/chapelfarmdogpaddock>)

There are no parking charges for vehicles, including for additional vehicles.

Thank you and please contact us if you have any questions.
